NOTES ON AVAILABILITY

- Metal products, finishes, colors and sizes available are subject to change without notice.
- Contact Metal Alliance representative for current pricing and availability.
- Metal and finish warranty information available upon request.
- Custom colors and finishes available. Minimum charges and quantities may apply.
- To ensure color is accurate, request a metal sample before placing order.
- Oil canning is an inherent characteristic of light-gauge, cold-formed metal products, does not affect the integrity of metal panels, and is not a cause for rejection.

METAL ALLIANCE BUILDING PRODUCTS ARE:

- ✓ Energy-Efficient
- ✓ 100% Recyclable
- ✓ Eligible for up to 2 LEED credits†

GOING COASTAL?

If your project is within 1,500 feet of the sea, it will be subjected to extreme conditions. All our Standard and Premium Kynar 500®-based coatings withstand those challenges - and look good doing it. For resistance to humidity & salt spray, choose Fluropon® or Flurothane® Coastal 70% PVDF on aluminum for enduring coastal performance.
